**Re: WC Docket No. 14-58
2016 ETC Annual Report of Livingston Telephone Company
Study Area Code 442107**

Dear Ms. Dortch:

On behalf of Livingston Telephone Company ("Company"), JSI files the attached confidential version of the FCC Form 481 ETC annual reporting information pursuant to sections 54.313 and 54.422 of the Commission's rules.¹ Company seeks confidential treatment under Protective Order for section 54.313(f)(2) financial information.² The redacted version is also being filed this date via the FCC's Electronic Comment Filing System. In addition, attached is a letter requesting confidential treatment under Sections 0.457 and 0.459 of the Company's Progress Report on its Five-Year Service Quality Improvement Plan and of outage reporting as required by Section 54.313.³

Please direct any questions regarding the filing to the undersigned.

Sincerely,

John Kuykendall
JSI Vice President
301-459-7590

**Re: WC Docket No. 14-58
2016 ETC Annual Report of Livingston Telephone Company
Study Area Code 442107
Request for Confidentiality**

Dear Ms. Dortch:

John Staurulakis, Inc. ("JSI"), on behalf of its client Livingston Telephone Company (the "Company") hereby requests, pursuant to Sections 0.457 and 0.459 of the Commission's rules,¹ withholding from public inspection certain information contained in attachments to the above referenced reporting requirement. The Company provides the following in support of its request, numbered consistent with the subparagraphs of Section 0.459(b).²

1. The information for which the Company is seeking confidential treatment are attachments to the Company's annual reporting information pursuant to Sections 54.313 and 54.422 of the Commission's rules ("Report").³
2. Rate-of-Return Eligible Telecommunications Carriers ("ETCs") must file with the Commission a Five-Year Service Quality Improvement Plan ("Five-Year Plan") Progress Report⁴ and must also report outages, both of which are contained in attachments to the 2016 Report.
3. The information contained in attachments for which the Company seeks the withholding from public inspection is the entirety of data pertaining to the Company's Five-Year Plan provided at FCC Form 481 Line 112 attachment. The Company also seeks withholding from public inspection data pertaining to the Company's outages provided at FCC Form 481 Line 200 attachment, Service Outage Reporting. Information of this nature is confidential commercial information routinely withheld from public inspection.

¹ 47 C.F.R. §§ 0.457, 0.459.

² 47 C.F.R. § 0.459(b)(1) through (9).

³ 47 C.F.R. §§ 54.313, 54.422.

⁴ See *In the Matter of Connect America Fund*, WC Docket No. 10-90, Order DA 14-591 (rel. May 1, 2014).

4. With respect to identifying the degree to which the Five-Year Plan concerns a service that is subject to competition, the Line 112 attachment contains information of a financial and competitive nature regarding the provision of telecommunications services. The Line 112 attachment includes competitively sensitive information related to proposed improvements or upgrades and maintenance the Company's network.

In its *March 5, 2013 Order*, the FCC. The FCC specified that for rate-of-return carriers, the five-year plans "should describe the carrier's network improvement plan, which should provide greater visibility into current plans to extend broadband service to unserved locations in rate-of-return service territories."⁵ Accordingly, because the Company is a rate-of-return carrier, it must file a five-year service improvement plan which contains proprietary, competitively sensitive information related to the Company's existing network including the specific locations of customers as well as describe proposed improvements or upgrades and maintenance of its network throughout its service area. Specifically, this information sets forth services provided by the Company over its existing network including specific locations of customers as well as planned network improvement and maintenance for the years 2015 through 2019 including project start and completion dates, population that will be impacted by the improvements and upgrades at the wire center level and projected capital costs associated with the improvements and upgrades and operating costs associated with maintaining the network including depreciation for investments that have already been made. As such, this information contains competitively sensitive information related to the Company's existing network as well as detailed plans at the wire center level for network upgrades and maintenance projected for the years 2015 through 2019.

With respect to identifying the degree to which the outage data contained in the Line 200 attachment concerns a service that is subject to competition, the information pertains to the network and operations of a telecommunications company that has competitors that could benefit if they were able to have access to this information.

5. With respect to identifying possible exposure to competitive harm, the information contained in the subject attachments is information that is not customarily released to the public. The Five-Year Plan information is proprietary to the Company, is unique to the Company's serving territory and is only known to the Company and its authorized agents. If the Information is not protected, it would have economic value to potential competitors who would be able to target their marketing to specific customers. In a competitive telecommunications marketplace, this type of information is highly sensitive. If publicly disclosed, it would enable competitors to craft business plans that capitalize on their knowledge of the locations of the Company's customers which would place the Company at a competitive disadvantage.
6. With respect to steps the Company has taken to ensure against unauthorized disclosure of the information contained in the attachments, the Company is filing the Five-Year Plan and outage attachments under seal. The Company uses the

⁵ See *Connect America Fund et al.*, WC Docket 10-90 *et al.*, Order, DA 13-332 (rel. Mar. 5, 2013) ("*March 5, 2013 Order*") at para 9 citing Section 54.202(a) (1) (ii).

information contained in the Five-Year Plan to ensure that its customers continue to receive state-of-the-art high quality telecommunications and broadband services that the Company has been providing to them for many years as well as to satisfy mandatory reporting requirements and does not share the information for which protection is sought. The Company protects the secrecy of this information with a security protocol that ensures the information is not inadvertently disclosed or disseminated. Only directors, managers and employees with a direct need to know are authorized to access the information.

7. Any previous versions of this information are not publicly available.
8. Because the information is not routinely available, a need exists for maintaining the confidentiality of this information permanently.
9. The Commission has previously concluded that there is a presumptive likelihood of substantial competitive harm from disclosure of outage information.⁶ The Commission also determined the disclosure of outage reporting information to the public could present an unacceptable risk of more effective terrorist activity and could therefore result in potential harm to the public and the national defense.

Based on the preceding, JSI respectfully requests on behalf of the Company that the Commission grant confidential treatment under Section 0.459 to Company's Five-Year Plan provided at FCC Form 481 Line 112 attachment, and to the Company's outage data provided at FCC Form 481 Line 200 attachment.

Please contact the undersigned with any questions regarding this request.

Sincerely,

John Kuykendall
JSI Vice President

4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission’s public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Community Anchor Institutions – FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

If yes to 4003A, please provide a response for 4003B.

4003b. Provide the number, names and addresses of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year.	Name of Attached Document Listing Required Information	
---	--	--

Broadband Deployment Locations – FCC 14-98 (paragraph 80)

4004a. Attach a list of geocoded locations to which broadband has been deployed as of the June 1st immediately preceding the July 1st filing deadline for the FCC Form 481.	Name of Attached Document Listing Required Information	
--	--	--

4004b. Attach evidence demonstrating that the recipient is meeting the relevant public service obligations for the identified locations. Materials must at least detail the pricing, offered broadband speed and data usage allowances available in the relevant geographic area.	Name of Attached Document Listing Required Information

Livingston Telephone Company

Study Area Code: 442107

Response to Line 510 - Service Quality Standards and Consumer Protection Rules

Compliance – Voice and Broadband

In establishing this certification in its *2005 ETC Order*,¹ the FCC found that an ETC must make “a specific commitment to objective measures to protect consumers.”² The FCC found that for wireless ETCs, compliance with CTIA’s Consumer Code for Wireless Service would satisfy this requirement and that the sufficiency of other commitments would be considered on a case-by-case basis.³ In this context, the FCC stated, “to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement.”⁴

Livingston Telephone Company (“Company”) hereby certifies that its voice service complies with applicable service quality standards and consumer protection rules under the Texas Administrative Code, Title 16, Part II, as established by the Public Utility Commission of Texas. These obligations include, but are not limited to, the following: (1) filing a Local Exchange Tariff which discloses rates, terms and conditions of service to customers pursuant to Subchapter J requirements in Sections 26.201-26.230; (2) adherence to state consumer protection requirements

¹ *Federal-State Joint Board on Universal Service*, CC Docket No. 96-45, Report and Order, FCC 05-46 (rel. Mar. 17, 2005) (“*2005 ETC Order*”).

² *Id.* at para. 28.

³ *Id.* The FCC noted that under the CTIA Consumer Code, wireless carriers agree to: “(1) disclose rates and terms of service to customers; (2) make available maps showing where service is generally available; (3) provide contract terms to customers and confirm changes in service; (4) allow a trial period for new service; (5) provide specific disclosures in advertising; (6) separately identify carrier charges from taxes on billing statements; (7) provide customers the right to terminate service for changes to contract terms; (8) provide ready access to customer service; (9) promptly respond to consumer inquiries and complaints received from government agencies; and (10) abide by policies for protection of consumer privacy.” *Id.* at n. 71.

⁴ *Id.* at n. 72.

governing telephone providers as identified in Subchapter B, in Sections 26.21-26.37; and (3) service quality standards requirements as identified in Subchapter C, Sections 26.51 -26.57. In addition, the Company complies with numerous federal consumer protection standards including, but not limited to: (1) Truth-in-Billing Rules outlined in 47 CFR § 64.2401; and (2) compliance with Federal CPNI rules, Red Flag Rules and other applicable federal and state requirements governing the protection of customers' privacy.

For its broadband service, Company hereby certifies that while there are no applicable state broadband service quality standards and consumer protection rules yet established under the Texas Administrative Code by the Public Utility Commission of Texas, the Company discloses rates, terms and conditions on its public web site and the Company complies with applicable federal and state customer protection standards generally applicable to all businesses operating in Texas. In addition, the Company adheres to consumer protection obligations for broadband services under federal law. These obligations include, but are not limited to, the following: public disclosure of accurate information regarding network management practices, performance, and commercial terms of broadband internet access services; as a means of providing sufficient information for consumers to make informed choices regarding use of such services, and for content, application, service and device providers to develop, market, and maintain internet offerings as specified in F.C.C. 47 C.F.R. Part 8 §8.3. The Company furthermore will comply with all requirements set forth in the *2015 Open Internet Order*, as it applies to the Company.

Livingston Telephone Company

Study Area Code: 442107

**Response to Line 610 - Ability to Function in Emergency Situations
for Voice and Broadband**

Livingston Telephone Company (“Company”) hereby certifies that it is able to function in emergency situations as set forth in the Code of Federal Regulations, Title 47, Part 54, Subpart C, §54.202(a)(2)¹ and the Texas Administrative Code. The Company’s network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Company can change call routing translations as needed to reroute traffic around damaged facilities. Changing call routing translations also allows the Company to manage traffic spikes throughout its network, as emergency situations require.

Specifically, the Company is able to function under emergency operations in accordance with Public Utility Commission of Texas Substantive Rules §26.51 *Reliability of Operations of Telecommunications Providers* and §26.52 *Emergency Operations* which include obligations for continuity of service and emergency operations planning and service provision capability for dominant carriers. Any central office not equipped with permanently installed standby generators contains as a minimum four hours of battery reserve without voltage falling below the level required for proper operation of all equipment. In addition, all central offices without installed

¹ Section 54.202(a)(2) requires ETCs that are designated by the Commission to “demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations.”

emergency power facilities have a mobile power unit available which can be delivered and connected on short notice.

The Company's standby generators and battery back-up equipment support both voice and broadband network equipment in the event of an emergency situation.

4. LOCAL EXCHANGE SERVICE

4.5 LIFELINE PROGRAM

4.5.1 General

- A. The Lifeline Program is a retail local service offering designed to make telephone service available at reduced rates to qualifying low-income customers.
- B. A qualifying low-income customer subscribing to the Lifeline Program shall receive federal and state reduction to their monthly tariffed residential local exchange access line rate.
- C. Nothing in this section shall prohibit a customer who is otherwise eligible for the Lifeline Program from obtaining and using telecommunications equipment and services designed to aid such customer in utilizing qualifying telecommunications services.
- D. Lifeline Program reductions do not apply to surcharges, taxes, long distance service, 976 and other information related telecommunications services, and optional services such as custom calling features. Customers may obtain these services, where available, at their discretion.
- E. The Lifeline Program rate reductions do not apply to service connection charges.

4.5 LIFELINE PROGRAM (Continued)

4.5.1 General (Continued)

- | | | |
|----|--|---|
| F. | The Company may not disconnect the service of a Lifeline Program customer for the non-payment of toll charges. However, the Company reserves the right to implement toll blocking, at no charge, if the customer incurs a significant balance of unpaid toll bills. The Company will inform the customer, by direct mail, of this change to their service due to the customer's non-payment of toll charges. Upon the customer's payment of all outstanding toll charges, the Company shall remove mandatory toll blocking at no charge. | T |
| G. | Upon subscribing to the Lifeline Program, a customer will be offered a subscription, at no charge, to toll blocking service (in exchanges where technically available) which denies the customer access to the long distance telecommunications network; however, the customer is under no obligation to accept the subscription to toll blocking. | T |
| H. | Lifeline Program rate reductions will not be available on a retroactive basis unless approved by the Public Utility Commission of Texas or the Low-Income Discount Administrator (LIDA). | T |

4.5.2 Designated Lifeline Program Services

- | | | |
|---|---|-------|
| The Company shall offer voice telephony services that provide the following functionalities as designated, Lifeline Program services: | | T |
| A. | Voice grade access to the public switched network or its functional equivalent |
T |
| B. | Minutes of use for local service provided at no additional charge to the customer | |
| C. | Access to emergency services | |
| D. | Toll blocking service | |

CUSTOMER SERVICES TARIFF

4. LOCAL EXCHANGE SERVICE

4.5 LIFELINE PROGRAM (Continued)

4.5.3 Eligibility Requirement

A. Qualifying (Eligible) Customer Criteria

An eligible customer shall be defined as an individual whose annual household income is at or below 150% of the federal poverty guidelines or in whose household resides a person who receives or has a child who receives benefits from at least one of the following programs:

- | | |
|--|---|
| 1. Medicaid | |
| 2. Food Stamps (Supplemental Nutrition Assistance Program) | T |
| 3. Supplemental Security Income (SSI) | |
| 4. Federal Public Housing Assistance (FPHA) | |
| 5. Low-Income Heat and Energy Assistance Program (LIHEAP) | |
| 6. Health benefits coverage under the state Children's Health Insurance Program (CHIP) | |
| 7. National School Lunch Program's Free Lunch Program | N |
| 8. Temporary Assistance for Needy Families | N |

The Lifeline Program rate reductions will be provided to each eligible customer. The Low-Income Discount Administrator (LIDA) will provide a list of eligible customers to the Company each month.

B. Obligations of the Customers

1. Customers whose annual household income is at or below 150% of the federal poverty guidelines or who participate in FPHA or LIHEAP programs may self-enroll for Lifeline Program benefits by completing an application form and returning it to LIDA. LIDA will send a blank application upon customer request. LIDA can be reached at 1-866-4LITEUP. Current customers receiving benefits under Medicaid, Food Stamps, SSI or CHIP will be subject to the Lifeline Program automatic enrollment procedures as provided by the LIDA unless they provide a written request to the LIDA to be excluded from the Lifeline Program.
2. A customer who is eligible for the Lifeline Program but does not have telephone service at the time the LIDA provides its eligibility list to the company, shall be responsible for initiating a request for the Lifeline Program from the Company.

C. Obligations of the Company

1. LIDA will provide a list of eligible customers to the Company on a monthly basis. Upon receipt of the list, the Company shall begin reduced billing for those customers within 30 days.

4.5 LIFELINE PROGRAM (Continued)

4.5.3 Eligibility Requirement (Continued)

D. Discontinuance of Service

1. Discontinuance of Lifeline Discounts for customers automatically enrolled: The eligibility period for automatically enrolled customers is the length of their enrollment in Texas Health and Human Services Commission (THHSC) benefits plus a period of 60 days for renewal. Automatically enrolled customers will have an opportunity to renew their THHSC benefits or self-enrollment with LIDA upon the expiration of their automatic enrollment T
2. Discontinuance of Lifeline Discounts for customers who have self-enrolled: Individuals not receiving benefits through THHSC programs, but who have met Lifeline income qualifications, are eligible to receive the Lifeline Discount for seven months, which includes a period of 60 days during which the customer may renew their eligibility with LIDA for an additional seven months. T

4.5.4 Deposit and Credit Requirements

- A. The Company shall be prohibited from charging a service deposit in order to initiate the Lifeline Program if the eligible customer voluntarily elects to receive toll blocking.
- B. The Company may charge a service deposit if the eligible customer denies subscription to toll blocking upon subscribing to the Lifeline Program.

4.5 LIFELINE PROGRAM (Continued)

4.5.4 Deposit and Credit Requirements (Continued)

- C. In instances where the Company may require a service deposit, the same credit verification procedures and deposit regulations used for all applicants who apply for service with the Company are also applicable to eligible customers for the Lifeline Program.

4.5.5 Service Connection Charges

- A. Service connection charges do not apply to eligible customers with existing, qualifying service converting to the Lifeline Program.
- B. Service Connection charges do apply when:
 - 1. Existing eligible customer requests additional non-qualifying services at the time Lifeline Program reduced billing is initiated.
 - 2. New customers (those without existing local exchange access service) eligible for the Lifeline Program establish service.
 - 3. Customers make subsequent moves or changes after the initial connection to Lifeline Program.

Livingston Telephone Company

Study Area Code: 442107

Response to Line 3010 – Milestone Certification (47 CFR §54.313(f)(1)(i))

Livingston Telephone Company hereby certifies that throughout 2015, it took reasonable steps to provide upon reasonable request broadband service at actual speeds of at least 10 Mbps downstream/1 Mbps upstream, with latency suitable for real-time applications, including Voice over Internet Protocol, and usage capacity that is reasonably comparable to comparable offerings in urban areas and that requests for such service are met within a reasonable amount of time. If a request for broadband service at actual speeds of at least 10 Mbps downstream/1 Mbps upstream is unreasonable, and offering broadband service at actual speeds of at least 4 Mbps downstream/1 Mbps upstream is reasonable, Livingston Telephone Company offers broadband service at actual speeds of at least 4 Mbps downstream/1 Mbps upstream.
